

Title VI and Medicaid Waivers

Understanding the Basics of Long Term Care Billables

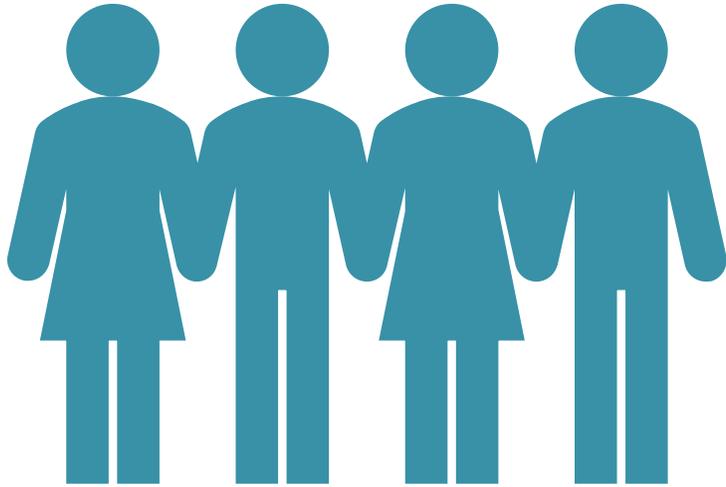

Background

The Older Americans Act of 1965 was created to provide extra support of Home and Community Based Services needed to help people “Age in Place”

State Medicaid plans are part of Title XIX of the Social Security Act

Waivers are programs that exist as an addition to the overall state Medicaid plan

Title VI Services

- ▶ Eligibility for services is age based, with programs targeted to members 60 and older
- ▶ Funds are paid out to Tribes in the form of a program grant
- ▶ Tribes manage the programs and determine who receives them

Medicaid and Waivers

Medicaid eligibility is based on financial eligibility as determined by the state plan rules

1915(c) Waivers are Medicaid's programs for HCBS

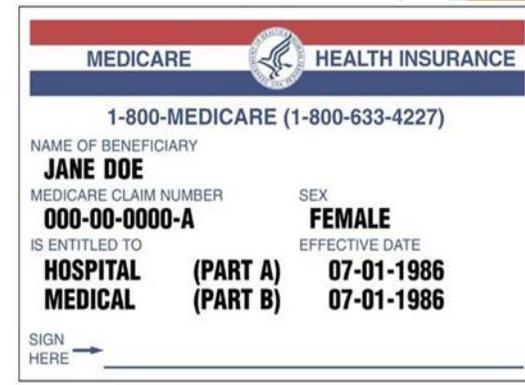

Funds are paid to individual providers based on the services provided

The individual state manages the Waiver

Each state may have specific provider requirements

Tribal Reimbursement for Long Term Care- Billing Medicaid and Keeping Title VI Funds

- ▶ Medicaid Pays for Long Term Care Services
 - ▶ When the person receiving them is enrolled in Medicaid and/or a Medicaid Waiver program
 - ▶ When they are allowed under the Waiver or Medicaid Card
 - ▶ When the Tribe bills to Medicaid with the right service codes
- ▶ You can still bill Medicaid AND keep Title IV funds
 - ▶ Title VI services that are part of your state's Card and/or HCBS Waiver plan can be billed for reimbursement without conflict
 - ▶ Some services may also be billable to Medicare as well
