Enter your name and email address. Then, click the "Join" button.
Click the "More Options" button
Click the "Call Me" option to have WebEx call you at a phone number you specify. Enter your phone number when prompted. Answer the call and listen to the prompt to be patched into the audio portion of the meeting. Your line will be automatically muted, but can be unmuted when needed.
Click the "I Will Call In" option to manually dial in to the call.

A pop-up will show the access code and participant ID (see next page).
"I Will Call In" Continued...

Follow the prompts to be patched into the audio portion of the meeting.

It is VERY IMPORTANT that you enter in your ATTENDEE ID! Without your attendee ID your line cannot be unmuted.

Your line will be automatically muted, but can be unmuted when needed.

Do not forget to enter in your Attendee ID!
Click the "Call Using Computer" option to use your computer's speakers and mic.
Your line will be automatically muted, but can be unmuted when needed.
To request to unmute your line click the “Raise Hand” button.

The host of the call will then unmute your line.

You can also unmute your line using your phone or computer mute/unmute button.
Click the "Lower Hand" button to remove the request to be unmuted.
